Who We Are

The Tucson Jewish Community Center (the J) is a community space located in central Tucson at the base of the beautiful Catalina Foothills. Our mission is to cultivate and enrich Jewish identity, ensure Jewish continuity, foster wellness, and broaden communal harmony. We create community based on Jewish values by providing our members and the broader Tucson population with the highest quality recreational, educational, social, and cultural programs and services in a safe and secure environment for all people of all ages. At the J, everyone belongs, some people join, and we offer programs that enrich the lives of anyone who participates.

Who We Serve

The J is a home away from home to nearly 6,000 families, totaling 10,000+ members of all ages, abilities, faiths, and identities. Each week an average of nearly 5,000 members check in to enjoy the state-of-the-art facility and high-quality programs we are known for, and every year, thousands more guests from across Tucson join us at the J. We serve a diverse and vibrant community of people at every age and stage of life each year, including:

- 300+ students learning, playing, and growing in Early Childhood Education
- 500+ kids spending their summer at Camp J
- 80+ participants cultivating community and skills in our Disability Program Services Department
- 800+ people enjoying Arts, Culture + Community programming
- 500+ people gaining strength and confidence in Personal Training sessions
- 100+ older adults building community and cultivating wellness in Healthy Aging programs

Your Investment Helps Us to Help Others

As a 501c3 nonprofit, we rely heavily on philanthropic support to help us provide essential services, outstanding programming, and meaningful experiences. When you partner with the J, you become part of a community that celebrates diversity and belonging, fosters wellness, and seeks to uplift every single person we serve. The generosity of our Corporate Partners allows us to not only maintain our standard of excellence, but to grow, innovate and actively respond to the changing needs of our diverse community.

We are proud to partner with businesses and corporations that share our values of equity and inclusion, lifelong learning, and respect, with the common goal of creating a safe and inspiring space that fosters physical, mental, and spiritual wellness for all. A partnership with the J provides an opportunity to reach and engage with our vast community and forge intentional relationships that bolster your message, service, and impact.

Your Impact

$10,000 provides scholarships for 2 children for 10 weeks of summer Camp J.

$7,500 provides full year scholarships for 6 children in the J's award-winning Early Childhood Education program.

$5,000 provides 1 child in Pre-K – 5th grade the opportunity to participate in the Tucson J's after school program, JCare, for a school year and includes transportation from their school.

$2,500 allows 105 individuals affected with Parkinson's the ability to attend 2 specialized Parkinson's exercise classes a week for a year.
