Did you know the Tucson J is a Dementia-Friendly Community? Currently, all individuals, including those living with dementia, are welcome to participate in any of our group fitness classes, but we've designated some dementia-friendly classes that are particularly suited for those with dementia. Classes with a sunflower icon next to them are open to everyone, but are taught by instructors who have received increased training to better support participants with dementia, ensuring that everyone feels comfortable, included, and empowered to enjoy movement.

If you have any questions or concerns, please contact Director of Healthy Aging, Linda Travis, at ltravis@tucsonjcc.org.

For more information about our Healthy Aging programs, tips on how to engage with those living with Dementia, and more, scan the QR code or visit bit.ly/tucsonjhealthyaging
